Objective

Motivated and aspiring Software Developer with foundational knowledge in modern web technologies including React, MongoDB, Next.js, Express, Node.js, Git, GitHub, and Docker.
Passionate about building responsive web applications and continuously improving technical and problemsolving skills.
Seeking an entry-level opportunity to contribute to impactful projects while growing professionally.

Skills

- **Frontend:** HTML, CSS, JavaScript, React.js, Zustand, Shadcn, tailwindCSS, React Query.

- **Backend:** Node.js, Express.js, Redis.

- **Database:** MongoDB.

- **Version Control:** Git, GitHub.

- **Other Tools:** Docker,Vercel, Render, VS Code(Github copilot), Cursor.

- **Soft Skills:** Problem-solving, Analytical thinking, Adaptability, Eagerness to learn new Technologies.

Experience

Software Engineer Intern   **Feb 2025 – Apr 2025**
Sign Secure AMO Private Limited – Mumbai, India

Experience Certificate

Contributed to major projects including HR Admin Panel and Payload CMS as part of the Product Development team. Collaborated cross-functionally, demonstrating strong problem-solving skills, technical proficiency, and commitment to project goals.

- **Frontend Development:** Designed and implemented user-friendly UI components for seamless user experience.
- **Backend Development:** Developed robust backend logic ensuring efficient functionality.
- **Database Management:** Involved in database schema design, optimization, and performance enhancement

---

Projects

FetchMart – Real-Time Product Comparison Platform

Live Site | GitHub Repository

- **Overview:**
  A   real-time product comparison tool that fetches listings from Amazon, Flipkart, Meesho, and Ajio using Puppeteer and Cheerio. Features include dark mode, wishlisting, smart search suggestions, and an AI-powered chat system. Ongoing development with planned expansion of AI features and UI improvements and many more.

- **Technologies Used:**
  React.js, Node.js, Express.js, Docker, TailwindCSS, Zustand, Vercel, Render.

Creative Threads – Artist Portfolio and Social Media Platform

Live Site | GitHub Repository

- **Overview:**
  Creative Threads is a dedicated platform for artists to showcase their art portfolios and connect with audiences.
  The platform supports two types of user signups: **Normal users** and **Artists**.
  Artists can post their artworks, while normal users can explore, like, comment, and chat.
  Features include a live feed, explore section, artist profiles, and real-time chat functionality — similar to modern social media platforms.

- **Responsibilities:**
  Built responsive front-end components, developed back-end APIs, integrated database operations, and implemented authentication systems.

- **Technologies Used:**
  React.js, Node.js, Express.js, MongoDB, TailwindCSS, Zustand, Vercel, Render.

PassVault – Password Manager App

Live Site | GitHub Repository

- **Overview:**
  A   secure password manager allowing users to save, edit, delete, and manage login credentials.
  Features include AES encryption for passwords, JWT-based authentication, a trash system with 30-day autodeletion, and email notifications via Nodemailer.
  Users can export saved logins in PDF, CSV, and JSON formats.

- **Technologies Used:**
  MERN Stack (MongoDB, Express.js, React.js, Node.js), Zustand, ShadCN, TailwindCSS, Vercel, Render.

Education

College/School	Course	Percentage	Year
K.P.B. Hinduja College	Bachelor of Computer Applications (BCA)	69.47%	2025
Lala Lajpat Rai College	Higher Secondary Certificate (HSC)	72.83%	2022
Saraswati Mandir High School	Secondary School Certificate (SSC)	75.20%	2020

Certificates

- **Web Designing and PHP Development**
